

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases, because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure, rich blood, perfects the digestion, and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of 40 years. Insist on having Hood's, for nothing else acts like it. There is no real substitute. Get it to-day. Sold by all druggists.—Advt.

COMET NOW EASILY SEEN.

It is 10 Degrees Below the Last Star in the Handle of the "Big Dipper."

Geneva, N. Y., Oct. 13.—Dr. William R. Brooks, director of Smith observatory and professor of astronomy at Harvard college, said Sunday that Delavan's comet can now be well seen with the naked eye in the western evening sky. It is now 10 degrees below the last star in the handle of the "Big Dipper," and moving toward the bright star Arcturus, above which the comet will pass on Oct. 20. Professor Brooks said the comet would increase slightly in brightness before that time.

For French Army.

East St. Louis, Ill., Oct. 13.—One thousand horses for the French army were shipped from the St. Louis national stock yards before midnight on Sunday.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Luster, Charm and Get Rid of Dandruff—Try the Moist Cloth.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and luster, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advt.

NO DIRECT PEACE MOVE

The Attitude of the United Is as Yet Entirely Unchanged

NO ACTION SINCE FIRST NOTE BY WILSON

United States Will Protect the Foreign Trade, Says President

Washington, Oct. 12.—Various reports about efforts of the Washington government to set on foot peace negotiations between the warring European nations were set at rest yesterday by President Wilson. He told callers that he had made no direct peace representations to any of the powers since his first note tendering the good offices of the United States.

President Wilson yesterday gave assurances that American merchants trading in Europe would have the government back of them to the limit of their rights, and that he did not expect that there would be any interference on the part of the nations at war. The president told callers that the situation affecting conditional contraband was righting itself but that it was bound to be "somewhat fluid because of changing conditions and the right of nations at war to put the ban on articles from time to time."

Discussing the effect of the war on business, President Wilson said that from what he could learn the great bulk of business was progressing normally. Explaining the expected visit here of Sir George Paish, British financial expert, in an effort to arrange credits between the United States and England, President Wilson said yesterday the government was seeking to keep commerce moving, though as yet no general plans had been worked out.

The president said that, as far as he knew, men from other nations had not been invited to come to America for a conference on credit conditions. Some countries, he added, are not in a position to take part in such a movement and the object of the Washington government is to be practicable and attend to that part of the world's commerce which can be kept moving.

REVENUE BILL UNSETTLED.

President Wilson Has Not Even Read the Senate Measure.

Washington, Oct. 13.—Not until the conference committee has reported will the public know with any certainty what the proposed war revenue taxes will be. President Wilson is paying little attention to the Senate bill, which, he says, he has not even read, but he expects to interest himself actively when the bill reaches conference. One item that may be readjusted is the tax which

Resinol heals itching skins

RESINOL OINTMENT, with Resinol Soap, stops itching instantly, quickly and easily heals the most distressing cases of eczema, rash or other tormenting skin or scalp eruption, and clears away pimples, blackheads, redness, roughness and dandruff, when other treatments have proven only a waste of time and money. Beware of imitations. Resinol Ointment and Resinol Soap are sold by every druggist. Write to Dept. K, Resinol, Baltimore, Md., for a free trial.

newspaper publishers must pay. A large delegation of newspaper managers was in town yesterday to try to secure an amendment that will make the tax workable. Both House and Senate bills require that railroad, steamship, express and other carriers shall issue a bill of lading, to bear a one-cent stamp, for every bundle or package of newspapers when closed in one general bundle at the time of shipment, on penalty of a fine of \$50 for failure to do so. Such a requirement is clearly impracticable and would interfere seriously with the prompt dispatch of newspapers. The opinion of newspaper publishers appears to be that they will pay a tax on their output with what cheerfulness they can, but that a more convenient and sensible method would be to levy on sworn circulation. A tax of one cent a thousand is suggested, and probably some such readjustment will be made. Prompt delivery is vital in the newspaper business but would be impossible under the provisions of the pending bill.

FALLING HAIR OR ITCHING SCALP

Surely Cease When You Use Parisian Sage—Makes Your Hair Soft and Fluffy.

Now that Parisian Sage—a scientific preparation that supplies every hair and scalp need—can be had at any drug counter, or from the Red Cross Pharmacy, it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Every trace of dandruff is removed with one application, the hair roots are nourished and stimulated to grow new hair, itching scalp and falling hair cease—your hair becomes soft, fluffy, abundant and radiant with life and beauty.

Parisian Sage is surely one of the most invigorating and refreshing hair tonics known. It is easily used at home—no expensive, and even one application proves its goodness.—Advt.

RANDOLPH.

The wedding of Miss Ruth Evelyn Smith, daughter of Fred H. Smith of this place, and Walter Ellsworth Marden, son of Mrs. Ella Marden of Somerville, Mass., took place recently at the residence of the bride's grandmother, Mrs. Corinne Smith, of the latter city, with whom the bride has made her home for the last twelve years. The bridal party entered the parlor, which was decorated with palms, evergreen and chrysanthemums, to the strains of a wedding march, rendered by Lewis P. Fall, organist of the West Somerville Baptist church. The bride was given away by her father. She was gowned in ivory satin, tulle and lace, and carried a bouquet of bridal roses. Mrs. Earl C. Stevens of that city was the matron of honor, and Miss Clara B. Smith, a sister of the bride of Randolph was bridesmaid, and wore pink chiffon over silk. Earl Stevens was the best man. The marriage ceremony was performed by Rev. William F. Wilson and was followed by a reception with 100 guests in attendance. Both bride and groom are active members of the West Somerville Baptist church, and they will after a short wedding trip, reside in that city.

Mr. Haskell, a former employee of the Hood company in this place and now of Claremont, N. H., was in town on Monday calling upon old friends. Mrs. A. E. Banister left for Warren on Monday afternoon, having been summoned by the death of her brother's wife, Mrs. Cardell. Mrs. R. J. Kimball and her daughters, Misses Annie and Clara, and her son, Eugene Kimball, started on their return trip to New York on Monday morning, going as far as Manchester by automobile the first day, and then continuing their journey, expecting to arrive there on Thursday. Mrs. O. S. Chamberlin and her sister, Miss Mary Pratt, who have been in Montpelier for several days, returned home on Monday. Miss Grace Worthington, of Belmont, N. H., was the over-Sunday guest of Mr. and Mrs. William Reynolds. L. G. Tracy and wife are in Williams-town visiting their children, and before their return will go to Berlin and Northfield to visit others. Mrs. Arthur Dudley and her nephew, John Hook, of Exeter, N. H., have been passing a week with Mrs. Dudley's son, Fred Dudley, and family of this place, and Monday left for home. Mrs. E. T. Sault was among the travelers to Boston on Monday, going to pass some time with her sons. W. H. Gladding started Monday to join his wife in Somerville, Mass., where they will pass several days. Mrs. Ellen Chaffin went to Longmeadow on Monday to be the guest of her daughter, Mrs. Roy Rumrill, and family. Dr. and Mrs. E. O. Blanchard went to Boston Monday for a ten days' stay, and their daughter, Miss Helke, who came from Smith college Saturday to pass Sunday, went with them. Mrs. W. F. Edson and her sister, Miss Maud Johnston, after ten days' visit in Boston and neighboring cities, returned home on Sunday night. Mrs. Lizzie Newcomer and her daughter, Miss Annie, left Monday for Boston.

RANDOLPH CENTER.

Mr. and Mrs. W. F. Hubbard of South Boylston were in town last week. The school in the Benson district is closed on account of influenza pneumonia. Mrs. J. C. Hubard spent last week, visiting her sister and others in South Boylston. A. C. Wells, a merchant of this place, is mentioned as a candidate for representative. Several attended the auction at East Randolph of the A. B. Hayward estate. Over brought high prices. A large crowd was present. W. S. Bryant has a fence of help doing a state road job in the gulf between East Randolph and East Boylston. It is in the town of South Boylston. C. B. Wells' truck got stuck in the gulf between South Boylston and East Randolph. The truck is still very bad.

BETHEL.

Miss Margaret Graham of Woburn, Mass., is at John Keeler's for a few days' visit.

A Democratic rally next Saturday evening at the town hall will be addressed by Harland B. Howe of St. Johnsbury, candidate for governor, and Thomas H. Browne of Rutland, national committee man.

It is expected that Charles A. Prouty, candidate for the United States senate will speak here Oct. 27.

Thomas Donaldson, who had worked two or three years at the Woodbury Granite company's sheds, in Canon City, Col., for a few days, disposing of

some property, after which he will return to his former home in Stockton Springs, Me., and devote himself to farming.

A conference of Methodist ministers of the Montpelier district will be held in Perkinsville, Nov. 2.

SECRETARY OF STATE KILLS HIMSELF

Harry Woods of Illinois, Aspirant for Senatorial Seat, Found Dead in Garage.

Springfield, Ill., Oct. 13.—Secretary of State Harry Woods, one of the Democratic senatorial candidates at the September primary and former operator on the Chicago Board of Trade, killed himself early Sunday.

His lifeless body, with a bullet wound in the center of the forehead and an au-

tomatic pistol clutched in his right hand, was discovered by Mrs. Woods early yesterday lying in the tool room in a garage at the rear of his residence.

No note of explanation was left by Secretary Woods and the only clue which would give a possible indication for a cause of the tragic deed was a bulky bundle of papers showing extensive dealings in grain through a Chicago brokerage house.

Mrs. Woods could assign no motive for her husband's deed.

Just As Spring

is THE season of the year when our thoughts turn to the great out-of-doors, so in the Fall the question of how to make the home most attractive and comfortable is pre-eminent in the minds of all.

Nothing adds more to the attractiveness of the modern home than electric light—clean—convenient—economical! There is something cozy and distinctive about the electrically lighted home that is the best possible evidence of the refinement and good taste of the owner.

This is the ideal time of the year to have YOUR home wired for electricity. The cost of house-wiring nowadays is very moderate and the whole job is done in a very few days without trouble or inconvenience to you.

"Tuxedo is always welcome. A pleasant smoke, a mental bracer—the ideal tobacco."

HENRY HUTT
famous artist

"A pipeful of Tuxedo puts new life into me. The mildest and purest tobacco grown."

GEORGE E. PHILLIPS
Mayor of Corcoran, Kentucky

"A good pipe, and Tuxedo to fill it, and I'm satisfied. The tobacco in the little green tin has no rival as far as I am concerned."

You Smoke a "Better" Tobacco —Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.
